Game 5: Push & Pull

Introduction

This is a very simple game. In each round, you will be randomly paired with another student in the class. You will not know who your partner is. Your goal is to earn as much as possible—higher earnings lead to higher participation marks, up to a maximum of 10 marks. Everyone receives at least 1 mark for participating, regardless of their final payoff.

This game has **5 rounds**. In each round, you and your partner will each simultaneously choose one of two options: **Push** or **Pull**.

Payoff Rules

- **Push**: increases the **other player's payoff** by **$400**.
- **Pull**: increases your **own payoff** by **$300**.

Possible Outcomes:

Your Choice	Other Player's Choice	Your Payoff	Other Player's Payoff
Push	**Push**	**$400**	**$400**
Pull	**Pull**	**$300**	**$300**
Pull	**Push**	**$700**	**$0**
Push	**Pull**	**$0**	**$700**

How to Play

- Each round, simply click the card icon to select either Pull or Push.
